

# “Practice Points”

## Learning Scenarios

### Child Sexual Exploitation

**To be used in Team/Group Sessions/Supervision  
As a 15-minute discussion point.**

The BHSCP Learning & Development subcommittee invite you, in team meetings or during group supervision, up to four times a year to discuss a child safeguarding issue.

We encourage responses to be included in your team minutes and forwarded to the safeguarding lead within your organisation.

We hope that this is a way in which frontline staff across the city can explore some areas of learning without the need to attend formal training. It should also highlight areas of further learning.

We are happy to help with access to relevant learning materials

Consider the following question and discuss.....

**Simon, aged 16yrs is from an upper middle-class family, living in Hove Park Drive. He has just started mixing with a new group of friends, and is staying out late, and appears to smell of alcohol on return to his home. He also came home wearing an expensive wristwatch; he will not say where it came from, or who gave it to him. The parents are saying they are concerned about these recent events.**

**What would or could you do to assist this young person and or his family?**
