

# “Practice Points”

## Learning Scenarios

### Digital Safeguarding

**To be used in Team/Group Sessions/Supervision  
As a 15-minute discussion point.**

The BHSCP Learning & Development subcommittee invite you, in team meetings or during group supervision, up to four times a year to discuss a child safeguarding issue.

We encourage responses to be included in your team minutes and forwarded to the safeguarding lead within your organisation.

We hope that this is a way in which frontline staff across the city can explore some areas of learning without the need to attend formal training. It should also highlight areas of further learning.

We are happy to help with access to relevant learning materials

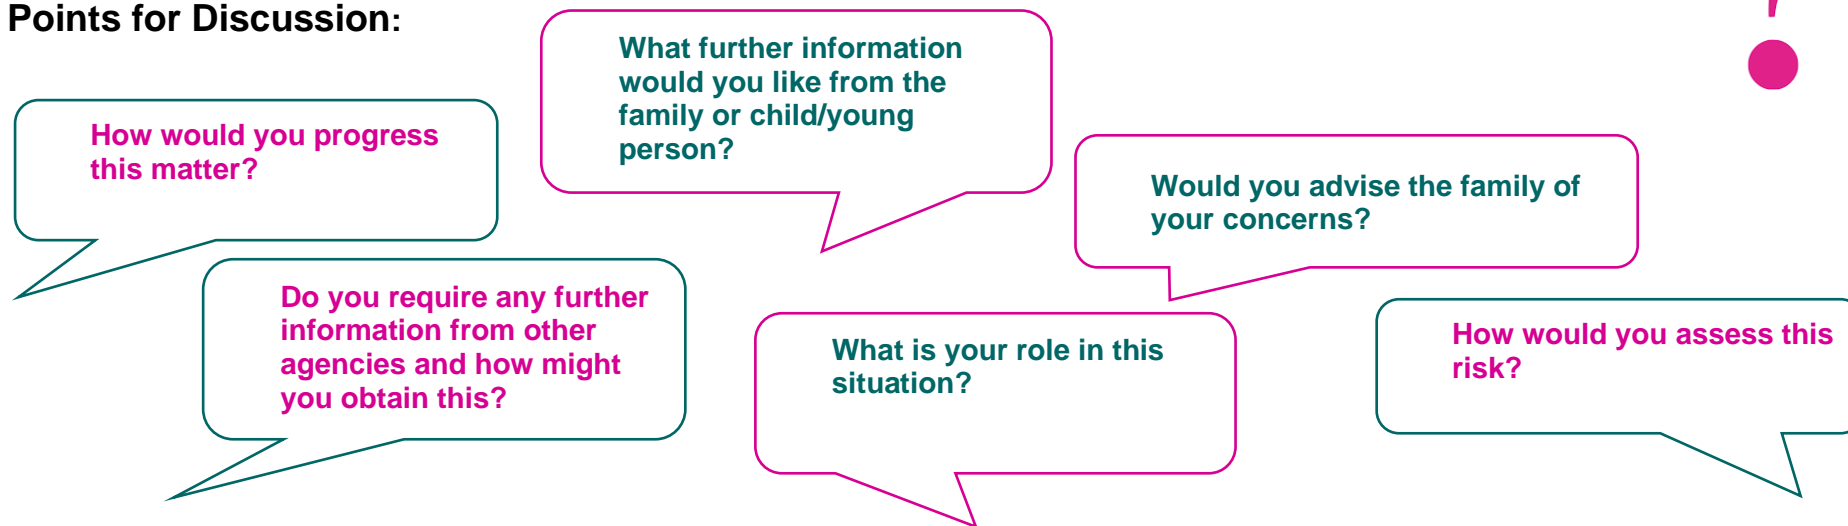

Consider the following question and discuss.....

**You are informed that a child aged 7yrs, has taken some pictures of her genitals and then shared these via a social media site. The older sibling aged 18yrs has then further shared them via all their contacts**

**What would or could you do to assist this young person and or his family?**
